

APPLICATION SAFETY

PRELIMINARY PROGRAM - PRODUCT TRAINING KNEE EXPERT TRAINING NAVIGATION OrthoPilot® Computer Assisted Surgery

June / July 30 - 1, 2022

September 15 - 16, 2022

December 6 - 7, 2022

Vienna | Austria

Orthopaedic surgery is in the midst of change. Patients are demanding and expecting accurate and safe procedure and excellent function to regain their quality of life, while surgeons are looking for the latest technologies to accommodate these demands. Computer Assisted Orthopaedic Surgery (CAOS) is a key technology in this changing environment. CAOS systems can improve surgical precision and reduce surgical morbidity. Reproducibility in surgical interventions is today a prerequisite for modern hospital management and enhances efficiency and certified quality. Proper product training and knowledge are the keys to use navigation technology at the highest level of care and precision. Successful training sessions not only incorporate theoretical lectures but also provide intensive hands-on workshops for the OrthoPilot® computer navigation together with the training of the safe application with Columbus®, e.motion® and the VEGA System®.

PREFACE

The Knee Expert Training offers a high value training platform for orthopaedic surgeons combining these two aspects.

All hands-on sessions are held in the environment of an Anatomical Institute. If you wish to learn more about the safe use of navigation for Total Knee Arthroplasty – join our training course.

PROGRAM

1st DAY

- 08:30 Welcome
- 08:40 Computer Assisted Surgery in TKA
- 09:00 Key anatomical landmarks in TKA
- 09:20 Navigated procedure with the OrthoPilot® – acquisition of data
- 09:40 Workflow – acquisition of data (3D-animations)
- 09:55 Tips & Tricks part I
- 10:15 Review Q&A
- 10:45 Coffee break

COMPLIANCE

This is an application safety course approved by Aesculap Akademie GmbH & Compliance Tuttlingen, Germany. If you are sending participants, please check your local rules.

We would like to inform you, that B. Braun – being a full member of Med Tech Europe – has adopted as well the Code of Ethical Business Practice. We are committed to the following guidelines for all the events that we organize centrally. We also apply these guidelines in the direct interaction with healthcare professionals irrespective of their nationalities. We are neither permitted to cover meals, nor travel, accommodation or other expenses for spouses or guests of health care professionals. The travelling schedule has also to be directly related to the event. We kindly ask you to bear that in mind. Please find attached the link to the relevant Code of Ethical Business Practice for further information. https://www.medtecheurope.org/wp-content/uploads/2017/06/MedTech-Europe-Code-of-Ethical-Business-Practice-QA_December-1.pdf

DATA PROTECTION

We process your data exclusively for the purpose of carrying out and organizing this event and to inform you about other interesting events. The legal basis for this processing is the contract you enter into with us when registering for an event. In order to process your event participation, your data may be passed on to third parties or within the B. Braun Group to the extent required. Your data will only be passed on for other purposes if you have given us your consent.

You can object to the use of your data for advertising purposes at any time. For this purpose, please contact Aesculap Akademie GmbH, Am Aesculap-Platz, 78532 Tuttlingen, Germany or send an e-mail to datenschutz@aesculap-akademie.de. The same applies to the exercise of your rights as a party concerned (e.g. right to information).

For more information on data protection at the Aesculap Academy, please visit our website.

The Aesculap Academy is one of the leading medical forums for everyone who is professionally, passionately and ambitiously committed to people's health. To those medical professionals we offer top quality knowledge transfer based on globally recognized quality criteria using innovative methods and technologies.

DIALOG – DEDICATED TO LIFE.

The Aesculap Academy has its roots in the company B. Braun, which has been protecting and improving people's health for more than 180 years. With our courses, hands-on trainings and symposia we help to honor our parent company's promise of SHARING EXPERTISE.

The courses at the Aesculap Academy offer participants who want to continue to learn in an inspiring environment knowledge transfer and teaching that are adapted to real life: lifelong learning, true-to-life training situations and realistic content for a better life for patients and medical staff.
